

SPECIFICATION AMENDMENTS

Please amend the specification as follows:

Substitute the paragraph beginning on page 7, line 4, with the following:

Computer system 102 can include a variety of computer readable media identified as communication media. Communication media typically embodies computer readable instructions, data structures, program modules, or other data in an information delivery media. By way of example, and not limitation, communication media includes wired media such as a wired network or direct-wired connection. Combinations of wireless media such as acoustic, RF, infrared, and other wireless media with any of the above wired media are also included within the scope of computer readable media.
